Early Interventionist

Early Interventionists work directly with you and your child. They will meet with the B.C.B.A. once a week to discuss your child's program and apply the methods and strategies discussed during these meetings in each of your child's sessions. Early Interventionists tackle challenging behaviors, and provide support for your child's development in his daily living, language and communication, and social and emotional skills. Children's Academy CT Early Interventionists are not only there for your child, but they are also there to support and educate you and other family members. They will attend every monthly parent-team meeting to discuss your child's progress.

Children's Academy CT looks to hire candidates who are knowledgeable in the field of Early Intervention, specifically related to Autism Spectrum Disorder. We are looking for charismatic, enthusiastic, and dedicated individuals who will work together with a team of professionals in order to help our children reach their potential! In order to be considered for Children's Academy CT E.I. position, we ask that candidates meet the following standards:

- a) Must hold a Master's or a Bachelor's degree from an accredited institution with a major in Applied Behavioral Sciences, Psychology, Early Childhood Education or other related field
- c) Must have completed at least 100 hours of practicum or work experience in Early Intervention
- d) Must 1-3 years of experience working with children who have Autism Spectrum Disorder or other special needs
